J. A. KNAPP & SON,

Successors to Waddell & Knapp,

Fire, Life, Accident, Liability

Representing the Best Companies in the various lines.

LIFE.

This agency writes every form of Life or Endowment policy in the staunch old Travelers of Hartford, which has never been under suspicion for one moment amid modern insurance scandal. Its management has been honest and its policy conservative, throughout nearly a half century of increasing success. You can feel secure with a policy in the Travelers.

FIRE.

This agency represents eighteen of the leading American and Foreign Fire Insurance Companies. Companies that paid to San Francisco claimants \$30,732,694.00 and still remain as solid as the blue lime-stone on which Marion stands. We will be glad to assist you in making up approved forms and sell you the best protection that can be written, at the least possible cost.

Accident and Liability.

We write every form of accident or liability policy that modern protection and twentieth century business demands. Nothing so cheap that it is unworthy, but everything dependable at the lowest rate. The Travelers, the oldest and strongest accident company in the world, is none too good for you. Fidelity bonds in one of the strongest American companies, are issued while you wait. Don't ask your friend to bond you.

A Word of Solicitation.

A good many people buy accident and life insurance as they buy fire protection, buy it according to their needs, in a business way.

Our policy is not to wear out prospective customers by unyielding solicitation:

We are at the service of those who wish to buy, and we sell the best. Nothing is too good for our clients.

We have the companies, we write it right, and our price is right.
